Objective

Motivated and enthusiastic individual seeking a software engineering position where I can apply my programming skills and contribute to team projects. Looking to develop my abilities in software development and problem-solving.

Education

Bachelor of Science in Computer Science
University of Toronto, Toronto, ON
Graduated: 2022

Technical Skills

- Programming Languages: Python, Java, C++

- Web Development: HTML, CSS, basic JavaScript

- Databases: MySQL, SQLite

- Version Control: Git

- Basic knowledge of cloud platforms (AWS)

Work Experience

Intern – Web Development
Tech Solutions Ltd., Toronto, ON | Summer 2021

- Assisted in updating website content and fixing minor bugs.

- Collaborated with the team to test web applications.

- Gained experience in basic front-end development.

Part-Time IT Assistant

City Library, Toronto, ON | 2020 – 2022

- Helped troubleshoot computer and network issues for staff and patrons.

- Provided guidance on software installation and updates.

- Maintained documentation of technical procedures.

Projects

Personal Budget Tracker (Python)

- Developed a simple Python program to track personal expenses.

- Implemented basic file handling and data storage.

Simple Website Portfolio

- Created a personal portfolio website using HTML and CSS.

- Added a contact form and basic styling.

Other Skills

- Strong communication and teamwork skills

- Good organizational abilities

- Familiarity with basic project management tools (Trello, Jira)

Interests

- Reading technology blogs

- Playing strategy games

- Volunteering in local coding workshops
